PARLOR ORGANS.

CARHART & NEEDHAM.

ESTABLISHED 1846.

Are the oldest manufacturers of Improved Reed Instruments in the United States, and are the inventors and patentees of the essential improvements made in this class of instruments up to the present date.

During this long period they have manufactured a vast number of instruments of all styles; AND WHEREVER THEY HAVE BEEN EXHIBITED IN COMPETITION WITH THE INSTRUMENTS OF OTHER MAKERS, THEY HAVE INVARIABLY TAKEN THE HIGHEST PREMIUM.

THE LAST TRIUMPH OF CARHART & NEEDHAM.

At the Fair of the American Institute held in New York in 1865, Carhart & Needham received the *Special Gold Medal* over all other reed instruments in competition. The Judges were Dr. Wm. Berge, C. B. Seymour (critic of the *N. Y. Times*), Thomas Appleton, organ builder of Boston, George Jardine, organ builder of New York, and Dr. E. Ringer, an expert.

EXTRACTS FROM THE SEVERAL REPORTS OF THE JUDGES:

From report of Dr. Wm. Berge.

"The quality of the tone is the best I have ever heard; and the number of stops surpassed my expectations. The delicacy of touch and the quickness of speech are remarkable. I consider the Parlor Organ of Carhart & Needham to be the best on exhibition, and entitled to the highest award of the institute."

From the report of C. B. Seymour.

"The undersigned thinks it proper to suggest that Carhart & Needham should receive a Special First Premium for their large Parlor Organ."

From report of Thomas Appleton.

"No. 526 is the best for, 1st, It contains more reeds and of greater variety than any other. 2d, The reeds are placed above the key-board, thereby allowing a greater volume of sound to be heard. 3d, The successful application of the swell which makes this instrument resemble the church organ more nearly than any previous arrangement. 4th, The voicing of the reeds is remarkable, and in the smoothness and quality of tone they resemble pipes more than reeds. 5th, The instrument is undoubtedly superior to any ever before constructed with reeds."

From report of George Jardine.

Carhart & Needham were the first in the world to discover and demonstrate that vibrating tongues or reeds can descend in the bass with the very finest quality of tone, rich, round and full, of quick articulation and free from windiness, to the 32 feet tone of C. C. CC."

From report of Dr. Ringer.

"No. 526 is the best for its superior softness, evenness and power of tone, being less rosy than in any instrument I have examined. 2d, For the great number of keys of different character of tone, which give the player an almost infinite variety of combinations."

From Watson's Weekly Art Journal.

AWARDS TO MUSICAL INSTRUMENTS.—A Gold Medal was awarded at the late Fair of the American Institute to CARHART & NEEDHAM, for the best reed instrument on exhibition—a most deserved testimonial.

"They are an exceedingly good substitute for an organ, and I can speak of them in the highest terms."

GEO. W. MORGAN.

"I have found them to be the *finest instrument of the class I ever saw.*"

"They are entitled to be ranked as the *first and best* among instruments of their class."

WM. A. KING.

"The tone is *incomparable*, and they are *far in advance* of any other instrument of a similar kind."
